COLLEGE STATION EDUCATION

"This is a great school. The crowd does not seem overwhelming now. It is still a big school, but with lots of resources. PTO does an outstanding job. The principal is approachable, and participates in every activity. The art program is great. The facility looks very nice. The classrooms are very well equipped. There is art, computer and music class. The kids have PE every day. They have G/T program, and enrichment for the high achieving kids. Local businesses supporting the school through the very active PTO. The atmosphere is friendly and welcoming. Office stuff is helpful and polite."
